

[Using Teachertube.com](http://www.teachertube.com)

What is Teachertube.com? A website with hundreds of videos, created by teachers and students who are also members of the teachertube.com community. You can browse videos and show them to your class. Here's how:

1. Set up a log-in with username and password.

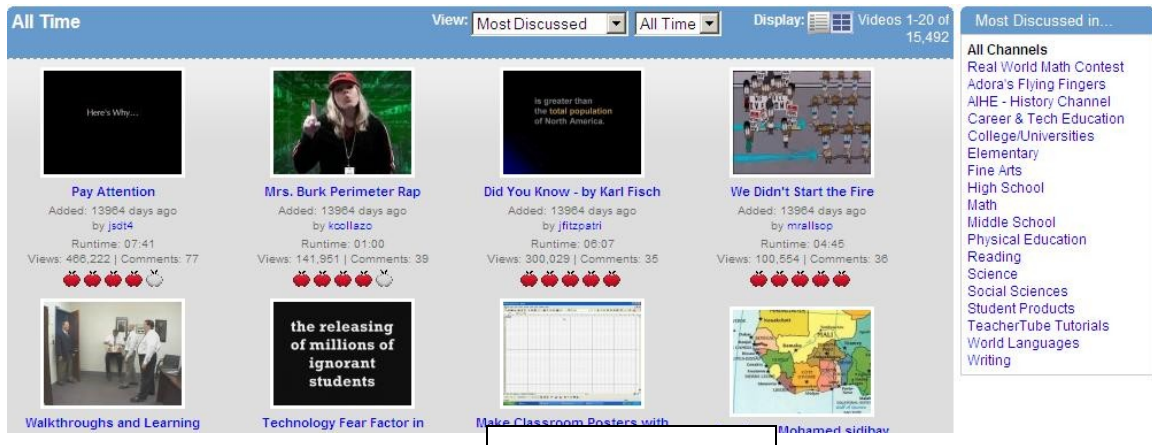

The image shows a 'FREE Sign Up' form on the Teachertube.com website. The form is titled 'FREE Sign Up' and includes the instruction 'New Member? Just fill out the account information below.' The form fields are as follows:

- Email Address: [Yellow highlighted input field]
- User Name: [Input field]
- Password: [Input field]
- Confirm Password: [Input field]
- Security Code: [Image showing the code 'rv9f4z']
- Enter Security Code as above: [Input field]
- Country: [Dropdown menu with 'Select Country' text]
- Gender: [Radio buttons for 'Male' and 'Female']
- Range of Age: [Dropdown menu with '--' text]
- Sign me up for "TeacherTube Newsletter" email: [Checkbox]

2. Search for videos via subject-specific channels or by keyword:

3. You will see a thumbnail of each video:

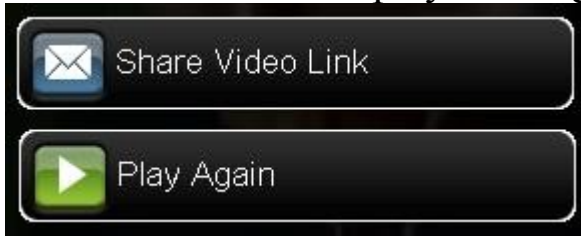

4. Mouse over the top right of a video you'd like to use, and "download this video" appears here:

5. Teachertube.com videos will download to Windows Media Player or Real Player. (If you don't have one of these on your computer, let me know and we will install it).

To show videos, open your player and play them.

You can e-mail them or play them again:

6. The recipient gets this message via e-mail, and can just click and play:

Charline Williams has sent you a RealPlayer video link:

I encourage everyone to check out teachertube.com, then follow these steps to show an amazing array of videos.
